

ENVIRONMENTAL POLICY

The following statement of principles and intentions comprise the Environmental Policy of Atlantica Hotels and resorts, applies to all activities of the Hotels.

Scope

- The policies and procedures described within this manual constitute the general management direction and control of Atlantica Hotels & Resorts against those environmental aspects (energy and water consumption, waste management, evaluation of subcontractors and raw materials) which can be controlled and over which it can be expected to have an influence. The Atlantica Hotels Environmental management System addresses all specifications (clauses) of the EN ISO 14001:2015.
- The Scope of Registration covers all the activities of the hotel (accommodation, food service, maintenance, purchasing).

Principles

- We are committed to minimising the impact of our operations on the environment by means of a programme of pollution prevention.
- We are committed to comply with all relevant environmental legislation and regulations and with other requirements to which the hotel subscribes.
- We are committed to protect the environment through continual improvement of our environmental performance. All our businesses take into account the effects that our activities have on the environment.

Intentions

- To understand the environmental issues associated with our activities.
- To minimize the amount of wastes we dispose of, seek to recover through re-use or recycling as much as is economically practicable and ensure that the remainder is disposed of properly.
- To minimise the use of energy and water through monitoring and increasing the efficiency of use and purchase environmental sound products wherever possible, while upholding the highest standards of comfort, quality and guest service
- To ensure that all employees are aware of their individual responsibilities for acting in accordance with the policy.
- To set and review environmental objectives and targets and to implement an action plan, addressing waste reduction, energy and resources conservation and raw materials and products environmental evaluation. The hotel will release the necessary resources to achieve these objectives using the best available practices, which do not entail excessive cost.
- To communicate to our employees, customers and suppliers our policy and achievements in improving our environmental performance.
- To incorporate environmental management into everyday business practice.
- To encourage environmentally friendly, and where possible, local sourcing of products and services.
- To encourage engagement of our business with local communities.
- This policy is reviewed so it is relevant and suitable to the company's activities.
